* We are excited to be offering YR/1/2/3 the chance to take part in our "Angry Birds" Club. Our unique partnership with SONY Pictures has enabled us to offer a new and innovative club each Friday after school to replace Spy School.

Each week, children will watch a small clip of the movie and then take part in physically active, skill based games following the storyline. This interactive approach enables children to learn new skills whilst immersed in the imagery of an exciting animated movie!
