

HUTTON CE PRIMARY SCHOOL

NEWSLETTER

17th July 2018

Dear Parents,

After School and Breakfast Club Arrears

We continue to have some families who are persistently in arrears. This cannot continue beyond September as confirmed by our recent audit.

If you are planning to use these services from September please ensure your outstanding balance is paid in full during the school summer break - if it is not then I'm afraid your child(ren) will be unable to use these services until arrears have been settled.

NSPCC

We are very pleased to confirm that in addition to the £637 already raised a further £140 was collected bringing the grand total to £777. Thank you all so much for supporting this great charity - a terrific response to the sponsored maths challenge.

Kaleidoscope Singing Event

A fantastic afternoon was had on Friday afternoon when the year 6 pupils from all the MAT schools joined us for a Singing Festival to celebrate our first year as a MAT. The singing was wonderful- the children sang three Kaleidoscope songs together and each performed a song from their end of year productions. Well done Y6.

Weston-super-Mare Rotary Club

Our thanks go to Weston Rotary Club who have sponsored the gift of an English and Maths Dictionary for the pupils of Y4. These will aid them in their homework over the next couple of years.

Staffing

Mrs Gooch has been absent for the last couple of weeks as her son was knocked over and suffered a brain injury. He is fortunately now on the mend and we look forward to her return in September.

Research Project

The MORPH research project that we have been doing with Y4 and Y6 has now come to an end and we eagerly await the results of the project.

We are now about to embark on another research project this time to do with **mental health**. The parents of pupils in **Year 3 and year 4** will shortly receive a permission slip request. This is a national project that we are delighted to be taking part in.

Congratulations to our Mathemagicians
