We are aware that many families may be struggling with access to devices for remote learning and that there may be challenges with siblings sharing devices. As you may already have seen on social media, X-Box and PlayStation consoles have the functionality to access the internet and be used in a similar way to desktop / laptop computers. This offers an alternative way to access Teams.

X-Box

1. Plug in a keyboard and mouse (if preferred) into the USB slots.
2. Within "Applications" select Microsoft Edge internet browser.

PlayStation

1. Plug in a keyboard and mouse (if preferred) into the USB slots.
2. Identify the PlayStation internet browser icon (WWW with dots around it)
3. Press the PlayStation logo on the controller.
4. Go to the library.
5. The internet browser is located within "Applications".
