Dear Parents,

Home Learning, **Class**

Tier 2: A class working from Home

As your child's class is required to stay at home for the next **10** days, your child will be expected to continue their learning at home. It is imperative that your child continues their education at home otherwise they risk falling behind in their learning.

Please refer to your child's class home learning page on the school website for more information regarding work for the children.

Please see below a suggested timetable for child's class

Tier 2: A class is working from home		
KS1	Year 1 or Year 2	Year 3, Year 4, Year 5, or Year 6
Time	Lesson	Lesson
8:45am	Daily Welcome via Teams	Daily welcome via Teams

10 mins	Reading	Reading
10 mins	Class Story recorded via Teams	Class story recorded via Teams

KALEIDOSCOPE
Multi Academy Trust

Please note - your child will be expected to join in with a daily, live Teams Literacy lesson which will be led by the class teacher, we have added set times for these meetings. Teachers will be available from 8:45 am via Teams for a morning welcome, it would be useful if your child logs on during this time to say hello to the class teacher and to ensure that any technical difficulties are sorted before the start of the lesson at 9am.

Maths

Each week, four days of White Rose maths videos and worksheet will be uploaded to the class page. The fifth day, Friday, children will be expected to play maths games on either Purple Mash or Top marks. Alternatively, revise, practise or complete any work from this week.

We are expecting children to practise Times Tables Rockstars or Numbots daily. Please contact the class teacher if the child has lost their logins. If your child is having problems accessing these sites please ensure they continue to practise their tables and number bonds. There are numerous resources on internet they could use however we do recommend www.snappymaths.com for mental arithmetic challenges.

English

The class teacher will lead daily English lessons via Team meetings. The class teacher will invite your child to the meeting via email. Please click on the invite to join the lesson. After the lesson, the children will be set a task by the teacher to complete.

Children will be expected to read and login to Spelling shed daily.

Please continue to log your child's reading on the sheet sent home at the beginning of term.

Foundation subjects – History, Geography, Science, RE

Your child will be expected to complete one of these subjects per day.

Physical Activity

The teacher will not be setting any tasks for PE however we feel it is incredibly important that all children participate in at least 30 minutes of physical activity per day. We have listed some suggested activities and websites that can be completed at home.

Workbooks and sharing work

Your child will be provided with an exercise book to work in.

Please contact the class teacher via the class email if you need any support or additional guidance.

Finally, I would like to reiterate how important it is that your child follows curriculum plan for their year group. If they fail to do so, they risk falling behind with their learning.
