RE 1 hr	Design your own god If you could create your own god what would they be able to do? What would they look like? Would they be like a Superhero or an ordinary human? Create your god with a detailed explanation about them, what they are able to do and how they help others.	Design your version of the Christian God https://www.biblegateway.com/passage/?search=Exodus+19%3A1-19&version=NIV Read the passage above and think about how it describes God. What do you think Moses and the people saw at the mountain? Write your ideas down in your book. Now read these passages . How do they describe God? Again write your ideas down in your book. Thinking about all the different words for God that you have created, draw what you think the Christian God looks like. Around your picture explain why you have drawn them this way.	Explore how Cathedrals show Christian beliefs about God Research how the different parts of a Cathedral are used to worship God. Think about the shape Cathedrals make, why they have an altar, a confessional booth, and a rood screen. You might also want to think about why Cathedrals are much bigger than churches.
