1. Introduction

At Kaleidoscope Multi Academy Trust (KMAT) we strive to ensure that all pupils are fully included in all aspects of school life. All children in our care, including those identified as having 'Special Educational Needs and/or Disabilities' (SEND) have a common entitlement to a broad and balanced curriculum which is accessible to them as individuals. This is regardless of gender, religion, race, background, specific difficulty or physical ability. As a MAT we value and respect personal qualities and the needs of individual pupils within our schools. We are committed to providing a safe, secure but challenging learning environment where all children feel confident and able to flourish regardless of their special needs or differences.

We understand that some children may require more support than others. If all children are to achieve their full potential, we must recognise this and plan accordingly. Children may have SEND either throughout, or at any time during their school career. Our policy ensures that the curriculum planning and assessment for children with SEND considers the type and extent of the difficulty experienced by the child. Some of these children may require long term help throughout their time in school, whilst others may need short periods of support to overcome fewer complex difficulties.

As a MAT we ensure our sites are accessible to all and provide disabled facilities for those who require it.

3. Objectives

- Use their best endeavours to make sure that pupils with SEND get the support they need to access the school's broad and balanced curriculum.
- Ensure that where possible, pupils with SEND engage in the activities of the school alongside pupils who do not have SEND.
- Ensure there is high-quality provision to meet the needs of pupils with SEND, with specific focus on inclusive practice and removing barriers to learning.
- Fulfil its statutory duties towards pupils with SEND in light of the SEND code of practice.
- Promote disability equality and equality of opportunity, fulfilling its duties under the Equality Act 2010 towards individual disabled pupils.
- Make reasonable adjustments, including the provision of auxiliary aids and services, to ensure that disabled pupils are not at a substantial disadvantage compared with their peers.

5. Identifying SEND

'A pupil has SEN where their learning difficulty or disability calls for special educational provision, namely provision different from or additional to that normally available to pupils of the same age. Making higher quality teaching normally available to the whole class is likely to mean that fewer pupils will require such support. Such improvements in whole-class provision tend to be more cost effective and sustainable.' (SEND Code of Practice 2014, 6.15)

We recognise that early identification and effective provision improves long-term outcomes for pupils. As part of the overall approach to monitoring the progress and development of all pupils, it has a clear approach to identifying and responding to SEND as outlined in the school's SEN Information Report.

With the support of the SLT, classroom teachers will conduct regular progress assessments for all pupils, with the aim of identifying pupils who are making less than expected progress given their age and individual circumstances.

'Less than expected progress' will be characterised by progress which:

- Is significantly slower than that of their peers starting from the same baseline.
- Does not match or better the pupil's previous rate of progress.
- Fails to close the attainment gap between them and their peers.
- Widens the attainment gap.

The school plans, manages and reviews SEND provision across the following four broad areas of need:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

The purpose of identification is not to fit children into one of these categories but to use the **graduated response** to address a child's particular needs. Our staff work closely with parents/carers, the child and external professionals to ensure a clear picture of the whole child's **lived experience**, not just the special educational needs of the child. This allows the school to put the best provision in place to meet the needs of each individual child. (See appendix 3 – SEND Identification Pathway)

6. EHC needs assessments and plans

The school recognises that, despite having taken relevant and purposeful action to identify, assess and meet the SEND of a pupil, some pupils may not make expected levels of progress. In these cases, the school will consult with parents and consider requesting an EHC needs assessment.

The purpose of an EHC plan is to make special educational provision to meet the SEND of the pupil, to secure the best possible outcomes for them across education, health and social care and prepare them for adulthood.

As part of the EHC needs assessment, the school will meet its duty by:

- Responding to any request for information as part of the EHC needs assessment process within six weeks from the date of the request, unless special exemptions apply as outlined in the SEND code of practice.
- Providing the LA with any school-specific information and evidence about the pupil's profile and educational progress.
- Gathering any advice received from relevant professionals regarding their education, health and care needs, desired outcomes, and any special education, health and care provision that may be required to meet their identified needs and achieve desired outcomes.

If, following the assessment, the LA decides not to issue an EHC plan, the school will be provided with written feedback collected during the EHC needs. It will use this information to contribute to the graduated approach and inform how the outcomes sought for the pupil can be achieved through further special educational provision made by the school and its partners.

Where the LA decides to issue an EHC plan, it must consult the prospective school by sending a copy of the draft plan and consider their comments before deciding whether to name it in the pupil's EHC plan. The school will meet its duty to provide views on a draft EHC plan within 15 days.

The school will admit any pupil that names the school in an EHC plan and will ensure that all those teaching or working with a pupil named in an EHC plan are aware of the pupil's needs and that arrangements are in place to meet them.

7. Reviewing EHC plans

The school will ensure that teachers monitor and review the pupil's progress during the year and conduct a formal review of the EHC plan at least annually.

The school will:

- Cooperate with the LA and relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested.
- Ensure that the appropriate people are given at least six weeks' notice of the date of the meeting, such as representatives from the LA SEN, social care and health services.
- Seek advice and information about the pupil prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting.
- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting.
- Contribute any relevant information and recommendations about the EHC plan to the LA, keeping parents involved at all times.
- Lead the review of the EHC plan to create the greatest confidence amongst pupils and their parents.
- Prepare and send a report of the meeting to everyone invited within two weeks of the meeting, setting out any recommendations and amendments to the EHC plan.
- Clarify to the parents and pupil that they have the right to appeal the decisions made regarding the EHC plan.
- Where necessary, provide support from an advocate to ensure the pupil's views are heard and acknowledged.
- Where necessary, facilitate support from an advocate to ensure the parent's views are heard and acknowledged.

If a pupil's needs significantly change, the school will request an emergency EHC plan annual review. Thereafter, the Headteacher/Executive Headteacher/Head of School will request the LA to conduct a re-assessment of a pupil whenever they feel it is necessary.

8. Supporting successful preparation for adulthood

We are aware that being supported towards greater independence and employability can be life-transforming for pupils with SEND. It recognises the importance of starting early, centring on pupil aspirations, interests and needs, and will ensure that pupils are supported at developmentally appropriate levels to make a smooth transition to what they will be doing next, e.g. moving on to a new setting.

The school will:

- Seek to understand the interests, strengths and motivations of pupils and use this as a basis for planning support around them.
- Support pupils so that they are included in social groups and develop friendships.

- Ensure that pupils with SEND engage in the activities of the school together with those who do not have SEND, and are encouraged to participate fully in the life of the school and in any wider community activity.
- Engage with secondary schools, as necessary, to help plan for any transitions.

9. Supporting Children and Families

Kaleidoscope MAT values the contribution and support from parents/carers and recognises the importance of working with parents/carers to support children with additional needs. The individual school websites have a detailed SEND section, which include the local offers, and are regularly updated.

For local offers, please click on the links below:

[Somerset's Local Offer](#)

We work closely with North Somerset Parents Carers Working Together (NSPCWT) and the [SENDIAS](#) service (information and advice) for North Somerset, to evaluate and share our practices. We also regularly work with a variety of external agencies including: Community Paediatrics, CAMHS, VLS service, Social Care, Disabled Children's Team, Local Authority Inclusion Team, PSCOs and the local Police force. This allows us to ensure that we are able to provide or to signpost the best possible support for children and families.

10. Admissions

Schools accept admissions throughout the year dependent upon numbers on roll.

Children with EHC plans are considered in collaboration with the Local Authority SEN team. For full details on the admissions process, please see the Admissions Policy or contact the individual school directly.

11. Accessibility

Through regular training and high quality teaching, barriers to learning are quickly removed and identified. When children with potential access difficulties start school, the SENDCo works closely with external agencies to ensure appropriate training, modifications to the environment and provision is in place to support that child.

Delivery of information to both parents and children is adapted, as necessary, on an individual basis. The MAT, encompassing all its schools, is developing a positive approach to all children including the

use of personalised target books, learning packs, increased visual and non-verbal information, including visual timetables and instructions, and modifications to the classroom environment.

Parents/carers are also able to access written information through alternative means if requested.

For further information on accessibility, please see the MAT's Accessibility Policy.

12. Supporting Children with Medical Conditions

KMAT recognises that pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010.

Some children may also have special educational needs (SEN) and may have a statement, or Education Health and Care plan (EHC) which brings together health and social care needs, as well as their special education provision.

13. Complaints

As a MAT, we have policies in place that aim to resolve problems swiftly, fully and efficiently at the earliest opportunity. For further information please see our Complaints Policy which is on the MAT website, in addition to the websites of the individual schools.

14. Review and Evaluation

This policy will be reviewed annually and checked for continuing relevance against any statutory requirements and Local Authority advice.
